Paula Poundstones Billboards in Colorado Springs

Maybe you misunderstood the question. No one is asking you to have sex with gay people, just to give them equal protections under the law.

Oh, my golly, I made a mistake!

It seems weird to have to legislate civil rights protection for someone based on their sexual preference. Why wouldn't we do the same for left handed people?

I guess because no one fires someone for being left-handed, refuses to rent to them or shouts "Hey you lefty," and beats them up in a parking lot.

Location of 3 of 15 billboards:

1. From the intersection of South Tejon and Las Vegas, head north on Tejon for one and one-half blocks. Look to the left just after you pass under the overpass. (Maybe you misunderstood...)

2. At the intersection of Tejon and Costilla, look up on the roof of a building positioned at the northeast corner. You need to be looking north or east to see it. (It seems weird.....)

3. Start from the intersection of Pikes Peak and Institute (where St Francis hospital is located) and head west on Pikes Peak. As you get to the bottom of the hill, the billboard will be located on your right. (Hate Takes W-a-a-ay Too Much Energy.)
